

Enrichment 3-4

Home Work 18

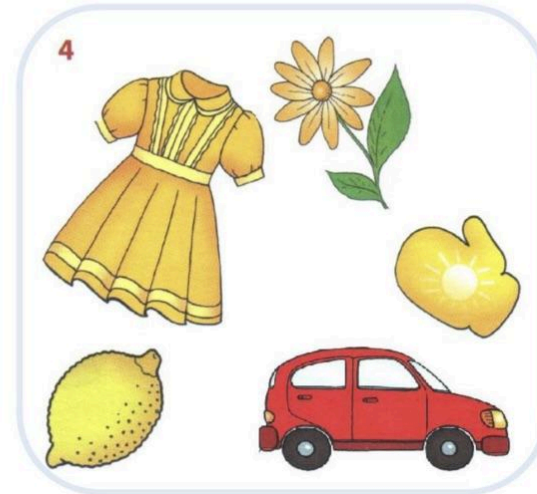

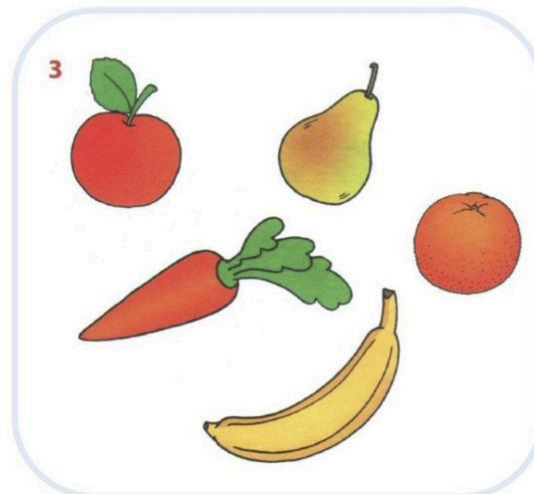

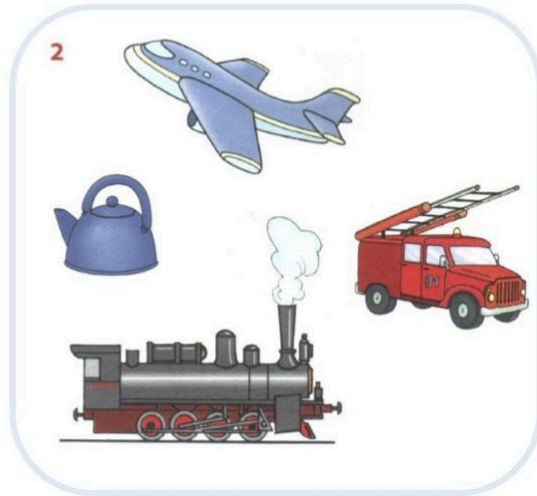

Problem 1

Color in the roof of the 1st house in YELLOW, the roof of the 2nd house in GREEN, the roof of the 3rd house in RED, the roof of the 4th house in BLUE and the roof of the 5th house in ORANGE.

Problem 2

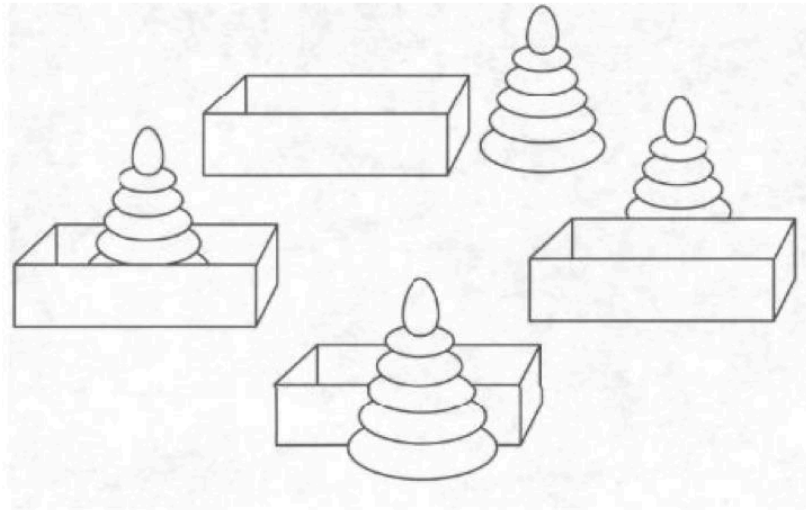

Which object does not belong in each group? Why?

Problem 3

Color the toy pyramid that is inside the box in RED, behind the box in GREEN, in front of the box in BLUE and next to the box in YELLOW.

(Bonus - ask if you child can identify the toy pyramid to the RIGHT of the box)

Problem 4

Count the objects and circle the number that your result matches to.

1 4

3 5

2 5

2 1

3 2

1 5

Problem 5

Organize the food in the fridge. Put each product (draw a line) on the shelf that is marked with the first letter of its name.

(There are: a muffin, an onion, noodles, mushrooms, olives, nachos, milk, nuts and an orange.)

Problem 6

Help the duck to catch the worm - follow the lines with your pencil.

Problem 7

What comes next? Cut out all the balls in the bottom of the page and figure out which ball comes next in the pattern.
